

Apurva Prasad

Hi! I'm a second year at UC Berkeley, studying Molecular and Cell Bio, as well as Public Health. I took part in SCV as a delegate, as well as behind the scenes. I look forward to seeing you guys in committee!

Wassim Zahzah

Hello Delegate! My name's Wassim Zahzah and I will be one of your co-chairs for WHO at SCVMUN this year. I joined MUN my freshman year, but really got involved into it sophomore year, when I realized that debating was not nerdy at all, but rather a hub for the intellectually divine. I have attended numerous conferences during my time as a delegate, built lasting connections with people from all around the world, and have had so much fun with the MUN experience as a whole. This summer I will attend Evergreen College where I hope to save money and finish my GenEd, while staying close to my parents. Aside from school and MUN, I enjoy watching all kinds of sports, ranging from soccer and basketball to the UFC. I spend most of my time following the stock market, studying religion, and reading books. I hope this committee will bring out the best of you and provide a chance for you to showcase your talents to us.

Alicia Chen

Hello! I'm Alicia and I'm very excited to be a director at this year's SCVMUN! I've been participating in MUN since my freshman year in high school, and I'm incredibly grateful for the experiences I've gained through attending conferences. Some of my interests include machine learning and coding, genetics, political science, and volunteering! I'm super involved with the local community and I love helping others!

Anisha Bagmanian

My name is Ani Bagmanian and I am currently a first year International Relations major at the University of California, Davis. Although I have no prior experience in Model UN, I enjoy staying well versed in world events and foreign political issues.
